Dear Mr. St. John:

This is in response to the petition for rule making you filed requesting the allotment of UHF television Channel 62 to Little Rock, Arkansas, as that community's eighth local television service. Your proposal is procedurally defective and cannot be considered at this time.

You failed to include a technical showing with the proposal to demonstrate that the proposed amendment will comply with the minimum distance separation requirements of Sections 73.610 and 73.698 of the Commission's Rules. See Section 1.401 of the Commission's Rules. Additionally, in the event you refile, you are reminded that pursuant to Section 1.420 of the Commission's Rules a signed original and four copies of each petition for rule making must be filed with the Secretary, Federal Communications Commission, Washington, D.C. 20554. This requirement is also applicable to any comments or pleadings filed thereafter.

In view of the above, your request for rule making is unacceptable for consideration. If you wish to pursue your proposal, you may resubmit it in accordance with the requirements of Sections 1.420, 73.610 and 73.698 of the Commission's Rules.

Sincerely,
